

the NEIGHBORHOODS NETWORK

NEIGHBORHOOD GOVERNING UNITS

NEIGHBORHOOD UNITS (NGUs) tNN

IN GENERAL

- 1. The **basic** and **only tangible unit** of organization in tNN.
- 2. Composed of members of the neighborhood.
- 3. Examples: college dorms; retirement homes; condominium complexes; high rise residences; small farm towns; military barracks; mobile home parks.
- 4. Are **bounded** to allow for reasonable sized meetings.
- 5. Hold periodic General Meetings (GMs).
- 6. Most detailed work is done through Work Groups.
- 7. NGUs instigate and supervise everything in tNN.

The GENERAL MEETING are USED to:

- 1. **Discuss** the **public issues** the neighbors consider most important.
- 2. Decide what **issues**, **submitted** by other NGUs, are worth collaboration.
- 3. Invite and listen to expert presentations.
- 4. Launch and supervise Work Groups.
- 5. **Vote** on tentative policy mandates submitted by other NGUs.
- 6. **Review and discuss** reports and requests from elected officials.

NEIGHBORHOOD GOV. UNITS TO THE REPORT OF THE PROPERTY OF THE P

OFFICERS are **CHOSEN** to:

- 1. **Provide for the GMs**: find meeting room; announce time and place; set up chairs; arrange for refreshments; and to **moderate the meetings**.
- 2. **Arrange for** any invited topic expert to be met, greeted, brought to the meeting & otherwise accommodated.
- 3. **Guiding** the meeting through its necessary phases.
- 4. Arranging for **room clean-up** after the GM.
- 5. **Paying** for the meeting room (from participant donations).

PREPARATION for the GENERAL MEETING

- 1. The officers indicate the **meeting time and place** on the web site.
- 2. **Collaboration requests** and requests to vote on policy issues from other neighborhoods are posted on the NGU web site.
- 3. The members of the neighborhood **suggest issues** to be discussed.
- 4. The neighbors vote, **indicating their priorities** on those submitted issues.
- 5. **Urgent business matters** are indicated on the NGU web site.

NEIGHBORHOOD GOV. UNITS tNN

COORDINATION of the GENERAL MEETING

- 1. A call to order at the designated meeting time.
- 2. Settlement of **urgent business**.
- 3. Introduction of any **invited expert guest**, then letting him or her proceed.
- 4. If there is not invited guest, a specified work group gives its **progress report**.
- 5. The **highest priority issue** or issues are discussed and are moderated by the GM lead or co-lead.

NEIGHBORHOOD GOV. UNITS tNN

COORDINATION of the **GENERAL** MEETING

- 6. The meeting is **formally ended**.
- 7. The **meeting may be followed** by further discussions by groups of neighbors wishing to discuss matters further, and:
- 8. **Work Group members** meeting to discuss their further work and schedule of meetings.
- 9. The NGU officers take care of the **after meeting tasks:** taking down the tables and chairs, cleaning, etc.

NEIGHBORHOOD GOV. UNITS TO A STATE OF THE ST

SOME RULES for NGU OPERATION:

- 1. Avoid value judgments.
- 2. Deal with **issues as they really exit** (the facts).
- 3. Resolve real, actionable issues.
- 4. **Respect** others, respect ourselves, but don't tolerate disruption.
- 5. Sometimes it will be **tough collaborating** with neighborhoods with different philosophical inclinations
 - but that's what it takes to find consensus.

NOTES on the **ROLE** of **NGUs**

- 1. The NGUs really are **bosses of tNN** they supervise and control every function and capability in tNN.
- 2. **All other structures** of tNN: the registries, the relays, the NIN-LIBs, the work groups are created by, supervised by, and modified by, the NGUs.
- 3. As is shown in other of these tNN slide sets, a single issue, suggested by a single NGU or neighborhood member can begin **creation of a Policy Directive or mandate** to the legislators and officials of the entire nation!

NEIGHBORHOOD GOV. UNITS

tNN

NOTES on the **ROLE** of **NGUs** (continued)

4. The NGUs perform a valuable 'filtering' function. Issues that survive processing in a NGU, become factually detailed, and resonate within even a single neighborhood – will **likely be well received** by many other neighborhoods. Thus the remainder of tNN will, in general, be dealing, through collaboration, only with issues that are worthy of further, serious consideration.
